Personal Details

Father Name: Khokon Chandra Das
Mother Name: Gouri Rani Das
Address: 630/A, Khilgaon Tilpapara, Road No:21, Dhaka

Education

01/01/2007 – 04/05/2017 **Secondary School Certificate (SSC)**
Ideal School and College, Motijheel, Dhaka
GPA: 5.00

01/06/2017 – 17/07/2019 **Higher Secondary Certificate (HSC)**
Dhaka College
GPA: 4.58

01/01/2020 – 30/09/2024 **B.Sc. in Computer Science and Engineering (CSE)**
East West University
CGPA: 3.76

01/01/2025 – 31/12/2025 **M.Sc. in Computer Science and Engineering (CSE)**
East West University
CGPA: 3.91

Projects

Online E-Ticket System

Developed a user-friendly website using HTML, CSS, and JavaScript for the frontend, and Django for the backend. Features include seat selection and PDF ticket generation.

Bangladeshi Product Recommendation Chatbot (Capstone Project)

Developed an AI-powered chatbot for product recommendations, enhancing the shopping experience for users. Leveraged the LLAMA-2-7b model for training the chatbot, enabling it to understand and respond to user queries effectively. Employed PINECONE, a vector database, for efficient storage and retrieval of product data.

Vehicle Detection and Traffic Flow Prediction

Collected real-world traffic data from multiple junctions across Dhaka and applied a YOLO-based model for vehicle detection. The extracted vehicle information was further leveraged to predict traffic flow patterns using a Self-Supervised Learning (SSL) approach.

Real-Time Safety Kit Detection

Developed a YOLO-based real-time safety compliance monitoring system using Hikvision CCTV cameras. Designed a complete setup guideline and integrated automated Telegram alerts with annotated images, triggered only when workers are detected without required safety gear.

Flower Growth Stage Classification

Developed a flower growth stage prediction framework using four self-supervised learning (SSL) models and Graph Convolutional Network (GCN). Created a custom dataset of eight flower species over three months (morning, afternoon, and night) and conducted extensive ablation studies on unlabeled data.

Awards

Best Paper Award

I Received the Best Paper Award at the 5th International Conference on Applied Intelligence and Informatics (AII 2025), held in Washington, D.C., USA, for the paper titled "CodeMixEcom-Emotion: A Large-Scale Bangla-English Review Corpus and Transformer-Based Benchmark for Fine-Grained Emotion Detection."

Professional Experience

10/06/2024 – 10/09/2024	ACME AI Machine Learning (ML) Engineer Completed a three-month Internship
28/01/2024 – 30/12/2025	East West University Teaching Assistant (2 years)
15/04/2026 – Present	Junior AI Developer

Skills

• Python	• C/C++	• Django
• MS Office	• Prompt Engineering	• Data Science & Machine Learning
• Artificial Intelligence (AI)	• Large Language Model (LLM)	• FastAPI
• XML	• Annotation	• Numpy, Pandas
• FastAPI	• PyTorch/TensorFlow	• Natural Language Processing (NLP)
• Deep Learning	• Computer Vision	• Vector Database
• RAG pipelines	• LangChain	• SQL
• HTML, CSS, JavaScript	• Graph Neural Network (GNN)	

Publication (Journal Paper)

1. A. Das, M. R. A. Rashid, M. R. Hasan, K. Shams, and R. U. Islam, "Bdflower: Growth stage flower image dataset for precision agriculture and floriculture," *Data in Brief*, vol. 66, p. 112745, 2026. [Online]. Available: <https://www.sciencedirect.com/science/article/pii/S2352340926002982>

Rasel, "BDMANGO: An image dataset for identifying the variety of mango based on the mango leaves," *Data in Brief*, vol. 58, p. 111241, 2025, doi: [10.1016/j.dib.2024.111241](https://doi.org/10.1016/j.dib.2024.111241) 

Publication (Conference Paper)

1. K. F. Hasan, A. Das, J. F. Salma, R. A. Tuhin, N. Hoque, A. W. Reza, and M. S. Arefin, "Load balancing algorithm: A Markov chain model using queuing theory approach," in *Proc. 2024 Int. Conf. Innovations in Science, Engineering and Technology (ICISSET)*, 2024, pp. 1–6, doi: [10.1109/ICISSET62123.2024.11003920](https://doi.org/10.1109/ICISSET62123.2024.11003920)

2. K. Shams, A. Das, M. R. Hasan, M. Sultana, M. A. Morshed, and A. W. Reza, "Histopathology images-based deep learning prediction of prognosis and therapeutic response in small cell lung cancer," in *Data Mining and Information Security: Proceedings of ICDMIS 2024*, vol. 5. Springer Nature, 2025, p. 283.
3. Accepted a paper titled 'Towards Annotation-Efficient Kidney CT Scan Classification: Supervised and Semi-Supervised Swin Transformer Frameworks' at SPICSCON 2025
4. Accepted a paper titled 'CodeMixEcom-Emotion: A Large-Scale Bangla-English Review Corpus and Transformer-Based Benchmark for Fine-Grained Emotion Detection' at AII 2025
5. Accepted a paper titled 'Fast, Fault-Tolerant, and Affordable: A Modern Data Lakehouse ETL Pipeline for Emerging Economies' at ICCIT 2025

Certificates

Workshop

Participated in a day-long workshop on "Cutting-Edge Technology: Opportunities and Future Skillsets" organized by the Bangladesh Computer Council (BCC) at BKIICT.

Language

Bangla

English
